

Think about the experience of lighting your Chanukah menorah. **What parts of these two images are similar to your Chanukah experience? What parts of these images are different than your memory of lighting the Chanukah menorah?** Make sure to look closely!

These children aren't celebrating Chanukah! During the late-fall and early winter months, many communities around the world celebrate different holidays. The top image shows children celebrating Kwanzaa, and the bottom image shows children celebrating Diwali. Both of these holidays feature light as an important symbol, just like Chanukah! However, all of these holidays are unique and special. It is important to learn about other cultures, connecting to traditions that are similar to ours, and appreciating the practices that are different!
